- Join the Bulldog 100 Club
- Donate prizes & gifts
- Hold a fund-raiser
- Volunteer with a club
- Sponsor a field trip
- Provide real-world projects for students to solve
- Scoreboard signage
- Digital signage at buildings

HOW WE WORK

Working with Superintendent Dr. Ron Hanson along with district and school administration, we help set funding priorities and manage donations, directing these **philanthropic** contributions toward the need of North Platte Public Schools District to improve educational opportunities and academic achievement.

Our work to sustain District priorities is crucial for students and an educated workforce. **Smart investments** in public schools offer the opportunity to introduce cutting-edge educational models that build on the District's current programs and advance learning outcomes to ensure the **success for all students.**

We want you to be informed and empowered partners with us so we are able to **work together** building and sustaining initiatives that help the students at North Platte Public Schools thrive and succeed.

BUSINESSES ENGAGING IN EDUCATION PARTNERSHIPS

GOAL

We are focused on building a sustainable community partnership model, one with real world connections to impact student achievement.

PURPOSE:

The NPPS Foundation is linking together businesses and community with education to provide opportunities and experiences beyond the regular curriculum. We believe the students at North Platte Public Schools deserve an opportunity to become part of a strong, productive and sustainable future for our area.

WHAT IS BUSINESSES & COMMUNITY ENGAGING THROUGH EDUCATION PARTNERSHIPS?

Businesses Engaging through Education Partnerships through the NPPS Foundation, a 501c3, provides donors with an opportunity for funds to make a direct impact and allows your tax dollars to fund district operational expenses. The Foundation is working directly with school leadership to align investments of partners—private foundations, businesses, community organizations and individual donors—with the strategic goals of the district that will impact the success of students.

Partnerships are on-going, dynamic relationships that must be mutually beneficial for the school and business. Partnerships add activities and authentic experiences that are relevant to motivating students to enjoy their time in school, raise their expectations and strive to become college, career and citizen-ready.

We're thankful for our partners, who are helping us improve the educational outcomes for NPPSD students. Thank you to our investors, sponsors, and supporters for their generous contributions. Dr. Ron Hanson's goal is to bridge educators and community partners towards a shared goal designed to benefit students while at the same time, achieving goals unique to each partner.

AS A PARTNER, YOUR COMPANY WILL GAIN:

- Positive exposure with students, school staff, parents and the community
- A well-prepared workforce that bolsters economic development
